Dear Chief Curry:

An article in the current issue of "U. S. News & World Report" by Mr. Larry Grove of "The Dallas Morning News" proves to be most informative.

A few months ago I read an article by a syndicated sports columnist in which he contended that T. V. coverage of sports was, in many instances, interfering with the normal course of the various sports T. V. covers. He stated that T. V. people are generally very "pushy," ignorant type people.

After reading Mr. Grove's article, I must conclude, that T. V. newsmen, in general, are on a par with their sports colleagues.

I have read many articles by various well known political analysts. The general opinion of the article is that the citizens of Dallas are, as a rule, warm-hearted, good neighbor type folk. Although Dallas is a growing metropolis its citizens are not yet "sophisticated". The authors hoped that Dallas would ~~never~~ become a sophisticated city.

The Police Dept. of Dallas as personified by policeman J. D. Tappety, has a great deal to be proud of.

your Chief Clerk, are to be commended
for keeping such presence of mind, as you so
well did, in such a perplexing, confused situation.

Sincerely

Dear Sir

I hope you and your
men will not think that all
of us up here are like the
Ark Gazette

I think that you and your
men did a very good job under
very trying conditions

And I mean for you to know
that a lot of Arkies know it

It would have been very easy
for some of your men to have
used his gun and some one hurt

I also think the jury that
tried Jack Ruby

did what they believed was
right

I am sick of watching steel
law

over ride State & local law

I believe you and your men
did very good

I am just a working man
I have no ax to grind

But do think you and your
men should know

that a lot of us think you all
did a good job

Yours

L. V. Fletcher

Chief Jesse Curry:

Dallas, Texas

Dear Sir:

Welcome to the
'sufferers in silence'
club (Miss. and Ala) who
have suffered at the
hands of certain irre-
sponsible T.V. and news
reporters.

You did a great
job under the most
difficult circumstances.

Very truly
